

## ANTHONY OVERTON ELEMENTARY SCHOOL

The Absolute Equality mural project in Chicago will be painted by Rahman Statik. The Anthony Overton Elementary School will host the Juneteenth mural.

The project aims to transform a blank wall on the school campus into a vibrant and dynamic public art space, showcasing the city's diverse culture and history.

The Overton Elementary School campus also serves as a platform for community engagement and social impact initiatives, promoting education, youth development, and environmental sustainability. The mural project is a true example of how public art can be used to revitalize and unite communities.

221 E. 49TH ST., CHICAGO, ILLINOIS 60615
